Mark sheridan academy chicago

Mark Sheridan Math & Science Academy is a highly rated public magnet school located in Chicago, IL. It has approximately 529 students enrolled in grades K-8, with an optimal student-to-teacher ratio of 18:1. According to state test scores, about 49% of students demonstrate proficiency in math and 55% in reading. The school's Niche rankings are based on a thorough analysis of key statistics from the U.S. Department of Education and numerous reviews from parents. Parents and students agree that Mark Sheridan Academy fosters a competitive environment, where students are encouraged to be creative, artsy, and athletic. Several surveys indicate that students and parents value engaging teachers who provide personalized lessons. The school community is known for its warmth and care, with teachers and staff prioritizing students' academic success as well as moral development. One parent praises the school's ability to balance academics with character building. Another student suggests improving support for kinesthetic learners and increasing cultural expression around the school, while also emphasizing the importance of increased parental involvement. The Reach for the Stars non-profit organization was established in 2009 to provide additional funding and resources for the school. At Mark Sheridan Math & Science Academy, we strive for excellence by incorporating the latest technology, curriculum, and educational practices in our ever-evolving academic environment. Our esteemed institution is a renowned magnet school in Chicago, IL, dedicated to fostering academic prowess in science, math, fine arts, and technology. As a recognized Spotlight School by the Illinois State Board of Education and a School of Distinction by the Chicago Public Schools, we offer advanced programs and a comprehensive Specific Aptitude Program to enhance student achievement, including high school advanced placement. With our commitment to diversity and a strong emphasis on holistic education, we stand out as one of the most esteemed educational institutions in the state of Illinois. Our students are provided with a stimulating learning environment that encourages their intellectual growth and development. We focus on science, math, and overall academic excellence, combined with a fine arts and technology curriculum, equipping our students with the skills and knowledge necessary for success in the modern world. Through our partnerships, dedicated faculty, and commitment to student well-being, we strive to empower our students to reach their full potential and become future leaders in their chosen fields. The school offers a wide range of activities for outdoors, including playground equipment and spring olympics or color wars, as well as sports events that bring teams together. Our building is designed with separate floors for different grade levels, providing a unique learning environment. We also celebrate various cultural events like Kwanzaa, Hanukkah, Chinese New Year, and more. Our curriculum includes classes such as math, science, history, language arts, art, science lab, library, gym, junior grade books (advanced reading), computer, drama, guidance, and after-school programs. We also offer volleyball and basketball teams, as well as art projects that expose our students to new and innovative artistic experiences. Recently, one of our Language Arts Teachers, John Nieciak, won the Golden Apple award for his outstanding contributions to education. * 8th Grade Quilting Projects * Video Project - Collaborated with Street Level Youth Media * Connecting Chicago Installation Piece (2005) - 6th Graders, Gallery 37 * Japanese Internment Camp Installation Project - 7th Graders 2007, JASC * Invention Videos - 4th Graders * Current Events Focus Installation - Street Level Youth Media Collaboration * Persuasive Writing and Media Literacy * Quilt Making and Performance Art Integration * Awareness of Voice Power * Sending Concerned Message - Visually and Performantly * Addressing Student Concerns Key Areas 8th Grade By the Illinois State Board of Education, Mark Sheridan Math & Science Academy has been recognized as a School of Distinction and a National Title I Distinguished School.
