On demand lawn service near meLooking for lawn mowing, fertilization, gutter cleaning, leaf removal, yard cleanup, or something else? Your lawn pro can do it all.Lawn Mowing and MaintenanceWhen you book a mowing and maintenance service, you can expect to receive professional mowing of the lawn areas included in the quoted area, trimmed edges around your driveway, walkways and landscaping beds, and a blow down of hardscapes after the job is done.Lawn FertilizationFertilization helps your grass grow faster, making your lawn more lush, green, and full. Fertilizer also gives your lawn the nutrition it needs in order to fight diseases and fungus. Recurring fertilization services will help keep your lawn green and strong, all year round.

Weed Control & RemovalYou can do all the maintenance on your lawn you want, just to have it overthrown by weeds. We offer weeding and weed control services, so you can get those pesky, unwanted plants out of your beautiful yard! We recommended combining the two services on a recurring basis, in order to fully combat weeds.

Leaf Removal & Yard CleanupWe offer lawn care year round, which includes leaf removal and fall lawn services, in addition to snow removal in the winter. Leaves on your lawn can deprive grass plants of needed sunlight, causing dead, brown patches in the lawn. Heavy piles of leaves can also entice moisture within the grass that leads to fungus or disease.

Snow RemovalIn most US cities and towns, property owners are responsible for clearing their own driveways and walkways from snow. Also, many cities and towns legally require property owners to keep the public sidewalks near or adjacent to their properties clear of ice and snow! You could haul out the shovel, or you could call Lawn Love.

Cost of lawn services near meThe main factor in determining the price of a job is the size of your property. Larger properties typically take more time for your lawn care provider to complete the job. When quoting you for a service, we measure your property size, lawn areas, driveway length, and more. We also consider the growing region, frequency of service, and mix of services in order to generate a price.

We offer service plans starting as low as \$29, for weekly mowing and trimming services. In order to help you maintain a budget, we've created recurring lawn care service plans and bundles that are cheaper than a one time service. Most customers' lawn care needs require at least a weekly or bi-weekly service, but the frequency of a plan can be adjusted at any time as needed. We never require you to sign a contract or charge you a subscription fee!

He's punctual, professional, and doesn't just "mow and go" — he pays attention to the little details that truly make a yard stand out. Darren has a great eye for lawn aesthetics. He edges with precision, trims around flower beds and walkways carefully, and always leaves the space clean and well-groomed. No random grass clippings left behind, no uneven patches — just a neat, fresh-cut lawn that instantly boosts curb appeal. What really sets Darren apart is his consistency. Whether it's mid-summer or the tail end of fall, he shows up on schedule and gets the job done right. He's also super easy to communicate with — polite, responsive, and open to feedback. One thing I especially appreciate is how neat he is — he never leaves clippings or mess behind, and everything is done with care. He's also friendly, easy to communicate with, and quick to respond if I need to reschedule or ask a question. Every inch was meticulously mowed, and the edges are clean and neat—no stray blades or rough patches left behind. It's clear they take pride in their work, and the results reflect that. I've had my lawn mowed by other services before, but this was by far one of the most thorough and precise jobs I've ever seen. It really makes a difference when someone goes beyond the basics and treats your yard like it's their own. What impressed me just as much as the quality of the mowing was the courtesy and communication throughout. Before leaving, they took the time to check in and ask if there was anything else I need. I cannot recommend my lawn service provider, Bobby, highly enough. From day one, his professionalism, friendliness, and deep attention to detail have stood out. Bobby treats every lawn as if it were his own—no shortcuts, no rushed jobs. He takes the time to communicate clearly, always asking questions to ensure he understands exactly what I'm looking for when it comes to lawn length, edging preferences, and special areas that need extra care. One of the things I appreciate most is Bobby's consistency. Every visit, he brings the same energy and commitment, ensuring that the yard not only looks great but feels taken care of. After each mowing, trimming, or edging job, he thoroughly cleans up, leaving my property spotless and looking sharp. It's that level of follow-through that really sets his work apart from others I've used in the past. Beyond the work itself, Bobby brings a warm, respectful presence that makes the whole experience enjoyable. He's the kind of person you feel lucky to have working on your prop. I cannot recommend this lawn care service highly enough! He arrived right on time, fully prepared with all the equipment needed, and got straight to work with no wasted time. It's clear that he takes immense pride in his work, and it really shows in every detail. First, he meticulously mowed both the front and back lawns, making sure every section was evenly cut and perfectly groomed. The grass now looks lush, healthy, and professionally maintained. He didn't rush through it like some larger companies do—he took his time to ensure that everything was done right. Next, he carefully weeded all the problem areas throughout both yards. Weeds that had been driving me crazy for weeks were completely removed, and he even managed to get to the hard-to-reach spot. Five Stars for Jay - The Lawn Care Legend! Bryant has been incredibly flexible & willing for us to skip weeks for our lawn service. He's done an incredible job!!! We really appreciate his time and effort into our home. Our first lawn cutting was due to the fact that I'm states away and my boyfriend works 12 hour shifts 6 days a week. Our landlord got a letter from the city that our grass was too high. Bryant was able to get it cut and get it under control again. I hope he knows how much we appreciate his hard work. We were honestly embarrassed it got so long, we only had a short window to get it cut & we couldnt afford a lawn mower. Bryant does amazing work! we couldnt recomend him enough to anyone. I hope he see this & knows how important his job is. How much he is improving our lives! We really appreciate him & the lawn love family! I just wanted Bryant and the people at lawn love (and hopefully his boss) know how great of a job he is doing & the really big impact his service has had in our lives! Carlos did an exceptional job with my lawn, transforming it into a pristine, beautifully manicured outdoor space. From the moment he arrived, his professionalism and dedication to his craft were evident. He took the time to assess the condition of my lawn, discuss my expectations, and provide thoughtful recommendations to enhance its overall health and appearance. What truly sets Carlos apart is his meticulous attention to detail. He didn't simply mow the grass—he sculpted it with precision, ensuring an even cut and a lush, uniform look. The edging work around the sidewalks, driveway, and garden beds was flawless, giving the entire landscape a crisp, clean finish that significantly elevated the curb appeal of my home. He also took the extra step of trimming overgrown hedges and clearing away debris, leaving the yard looking fresh and well-maintained. The transformation Carlos achieved with my lawn exceeded all my expectations. The grass is vibrant, the edges are sharp, and the entire yard looks polished. Where to begin. Hmmm! After 'retiring' our previous lawn crew, due to waning performance and probable substance abuse, I turned to Google for advice for 'lawn mowing near me'. More suggestions than expected, but as I perused the choices, I settled on exploring LawnLove to try them out. This company was able to accommodate rather expeditiously. A blessing or a curse? The first pro they suggested contacted me immediately, set something up, and then pulled a 'no show'. Curse, but upon contacting LawnLove, I was paired with a new professional, Phoenix and crew. BLESSING! Communication. Timeliness. Efficiency. Friendliness. Professionalism. Work Ethic! I was over the moon! The yard looked great! We are now on our 4th mow on a bi-weekly schedule, and the same high quality standards have been met with great consistency. I am extremely pleased, and would highly and heartily recommend Phoenix and his crew. You may or may not have to queue up as they're in demand! If so, they are well worth a wait! Juan did a basic cut job, had to reschedule Thursday appointment. The service fee conflicts with tipping & this Company should highly be ashamed of yourselves for this request in order fit Juan to get a tip on your end. So I've always lived my life Shaming Fools & exposing the Devil, I will not stop today. Whoever is greedy for unjust gain troubles his own household, but he who hates bribes will live." This verse highlights the detrimental effects of greed, both on the individual and their family, while praising those who resist corruption and seek justice. Jesus said to them, 'Watch out! Be on your guard against all kinds of greed; a man's life does not consist in the abundance of his possessions.' I see this Company has a mindset of prioritizing material possessions over spiritual wellbeing. So I grant Peace & hope you review these words from God, change your ways , Compensate your CoWorkers courteously , so that your future in business will grow of abundance. Have a Blessed Day I just wanted to take a moment to say how impressed I am with the job you always do on my lawn. Everything looks absolutely fantastic! The grass is neatly trimmed, the edges are clean and sharp, and the entire yard looks fresh and well cared for. You always go above and beyond to make sure everything was done right, and it shows. I especially appreciate the attention to detail — from the even mowing to the way you tidied up afterward, everything was done with care and professionalism. It's clear you take pride in your work, and I truly value that. It's such a relief to come home and see the yard looking so beautiful without having to worry about a thing. You've made such a big difference, and I just wanted to say thank you for your excellent service. It's not always easy to find someone reliable. We are always happy and would absolutely recommend your services to anyone looking for great lawn care. Thank you guys again! Sorry I missed seeing you all today! Camden is always great. He cuts the grass perfectly and everything looks neat and tidy. He always shows up on time and is very kind. My yard has to be difficult to cut because it is hilly and large and has a big incline for like the whole yard pretty much. There are also bears and groundhogs and birds and bugs and stuff. And bunnies. Camden is like the best yard cutter ever you should totally hire him. What a professional. We've been using Lawn Love for our lawn care needs for several months now, and the results are excellent. The lawn, previously unkempt, is now lush and green. Camden is always punctual, professional, and courteous. They also clean up after mowing, which includes blowing off walkways and the driveway. Customer service is also excellent; the company is always responsive. Lawn Love is highly recommended for anyone looking for a reliable and efficient lawn cutting service!
