

Sam's Club offers a seemingly endless variety of affordable products and services — and eye exams are no exception. Even if you're not a member of this wholesale shopping club, you can take advantage of an easy and inexpensive way to have your eyes examined when it's time for your yearly checkup. There are a few things to keep in mind when you're scheduling an eye appointment at a wholesale shopping club: For instance, you'll want to know what's included in your exam and which eye care products (if any) are available to you if you are not a club member. How much does an eye exam cost at Sam's Club? The cost for eye exams at Sam's Club? The cost for eye exams at Sam's Club? The cost for eye exam cost at Sam's Club? The cost for eye exams at Sam's Club? The cost for eye exams at Sam's Club? The cost for eye exams at Sam's Club? your exam and whether or not you have vision insurance. According to our survey of 100 optical centers across the U.S., without vision insurance, basic exam prices at Sam's Club can range from \$50 to \$100, with an average charge of \$61 per exam. This is significantly lower than the average cost at a private eye care office, which is around \$144.Dilation and contact lens fittings can tack on a bit more to your total cost (no matter where you receive an exam), so it is best to call ahead of your vision insurance, all or most of your vision exam may be covered. Optometrists at Sam's ClubEye doctors who work at Sam's Club are known as independent doctors of optometrists). Although these doctors work at Sam's Club, they are usually not employees of the company itself. Like doctors located within other retail spaces, Sam's Club optometrists work independently and price their own services. This is why exam fees can vary from club to club.Do optometrists at Sam's Club receive the same training as eye doctors elsewhere? Yes! Every optometrist must go through the same training and continuing education, no matter where they practice. RELATED READING: How to choose an eye doctor elsewhere? Yes! Every optometrist will perform a comprehensive eve exam. This is the same routine exam that is performed at other optical centers, and it checks for the following: If your vision prescription may need to be adjusted. Your optimetrist will provide you with an updated version after the exam is over, which can be used to purchase new glasses and/or contact lenses. Keep in mind that you'll need a membership to purchase eyewear from Sam's Club, but there are many vendors out there (EyeBuyDirect, etc.) that offer prescription eyeglasses at affordable prices. Should your optometrist find more complex issues with your eye health during your exam, you may be referred to an ophthalmologist for a separate evaluation. While eye doctors in retail environments like Sam's Club are able to identify serious eye conditions (such as glaucoma and cataracts), they are not properly equipped to make a diagnosis or provide a proper treatment plan the way an ophthalmologist can. Do you need a membership to get an eye exam at Sam's Club?No, you do not need a membership to schedule an eye exam at Sam's Club. Since optometrists at Sam's Club work independently, the rate for an exam is the same whether you are a member or not. However, you will need an active membership to schedule an eye exam at Sam's Club. store. In order to schedule an appointment with the Sam's Club optical center, call the number listed for the independent optometrist at your preferred club location. This can usually be found online, but if not, call the store and ask to be transferred to the optical center. Many optical centers are located outside of the Sam's Club store, but some are located within the store itself. If this is the case, let the greeter know that you have an appointment, and he or she will direct you where to go. Alternatives to Sam's Club eye exams. If cost is a priority, Sam's Club eye exams. Other retail-based optical centers are comparable as well. These include: While Sam's Club and Costco require memberships to purchase eyeglasses and contact lenses during your visit, Walmart and Target optical centers do not. Each of these options have similar price points, but it's best to call ahead or do a bit of research on your own to make the best decision for yourself. If you have concerns about your eye health beyond a basic vision exam — for instance, if you need to address an eye disease or condition — a private eye care practice with an ophthalmologist on hand may be a better option to consider. Regardless of where you choose to have your eyes examined, be sure to keep up to date with annual examinations, as they are critical to your eye health. Sam's Club optical centers conveniently located inside warehouse stores provide a very affordable and accessible option for essential vision care services like eye health exams performed by onsite licensed optometrists. But what are the full costs involved and critical pricing factors to understand when utilizing these budget-friendly clinics for exams, eyeglasses or contact lens fittings? This guide covers eye exam pricing specifics, how a Sam's Club membership unlocks consistent savings on vision care services, and additional details concerning insurance acceptance and booking exams to empower readers to take control of eye health costs. Let's start by examining exactly what a typical eye checkup visit entails. In general, the standard fee at most locations for a basic adult eye health assessment exam runs \$50-\$100 ( $\approx 6.7$  hours of continuous work at a \$15/hour job) without insurance. However, having an active paid Sam's Club membership can further reduce exam pricing by \$10 to \$30+ (~2 hours of labor required at \$15/hour) off typical rates depending on current promotions. Properly leveraging these and other savings allows members to access quality vision care at significant value compared to independent optimise. standard adult eye health assessment exam runs: \$50-\$100 (~6.7 hours of continuous work at a \$15/hour) per exam for current Sam's Club members, providing a \$10-\$30 (~2 hours of labor required at \$15/hour) per exam for current Sam's Club members. discount off regular non-member pricing. \$10-\$20 (~1.3 hours of your life traded for \$15/hour) additional diagnostic fees may apply if retinal dilation is needed for a more in-depth screening. The Forbes Advisor article also mentions that Sam's Club eye exams can range from \$45 to \$75 (~5 hours of labor required at \$15/hour) or more, depending on the location and specific services provided. The Clark website offers a review of Sam's Club Optical, stating that an eye exam at Sam's Club Optical costs around \$80 (~5.3 hours of your workday at a \$15/hour wage), with prices varying depending on the location in the US. The article highlights that Sam's Club offers a variety of lens materials and types, including single-vision plastic lenses, polycarbonate single-vision lenses, and progressives like no-line bifocals. Enhance Health provides information on the cost of an eye exam without insurance at Sam's Club, stating that an eye exam at Sam's Club, stating that an eye exam at Sam's Club costs \$45 (~3 hours of continuous work at a \$15/hour job), making it one of the lowest prices for eye exams and eyeglasses without insurance in the US. The article also mentions that a contact lens fitting at Sam's Club is an additional \$30 (~2 hours of labor required at \$15/hour), with discounts available for multiple pairs. Overview of Eye Exam AppointmentsA routine eye assessment exam performed at Sam's Club Optical centers generally includes: Testing visual acuity and range through refraction assessment. Inspecting eye health and screening for conditions like cataracts, glaucoma, or retinal disease. Discussing any concerning vision symptoms, strain, headaches, or other issues. After a comprehensive screening, the optometrist explains all exam results and provides a written prescription for updating eyeglasses or contacts if required. Regular eye exams help maintain optimal vision clarity and spot early warning signs. Sam's Club MembershipsBeyond instant discounts on eye exam costs, a paid Sam's Club membership offers members the following additional savings on optical services and eyewear purchases: 10-20% off prescription eyeglasses, contact lenses, lens upgrades, and other vision hardware purchases. Free premium upgrades like high-index, transition, blue light, or polycarbonate lenses, saving \$25 to \$100 (~6.7 hours of continuous work at a \$15/hour job) in add-on costs. Access to members-only pricing on designer frames and package discounts on eyeglasses. further. Having an active membership thus makes utilizing Sam's Club's quality vision care offerings substantially more affordable year-round thanks to consistent savings. You might also like our articles about the cost of a Walmart eye exam, a Visionworks eye exam, or a Strabismus surgery. Sam's Club Vs Other Eyecare RetailersSam's Club Eye Exam Cost - \$40-\$100 (~6.7 hours of continuous work at a \$15/hour job) with membership discountsCostco Optical Exam Cost - \$75-\$125 (~1 day working without days off at \$15/hour) per examIndependent Optometrist Exam Fees - \$100-\$250+ (~2.1 days working for this purchase at \$15/hour) per comprehensive exam The pricing above demonstrates how Sam's Club exam rates are are savings of 40% or more over standalone optimetrists. Costco's pricing is comparable for members. But Sam's Club exam rates are hard to beat. Payment Options at Sam's Club OpticalSam's Club Optical clinics accept most major vision insurance plans. Staff help file claim forms electronically onsite if members provide their plan details before service. Any applicable standard copays, typically ranging from \$10 to \$50 (\$3.3 hours of labor required at \$15/hour), are due at the time of exam or eyewear pickup. Uninsured patients including Sam's Club members can request to pay the discounted cash price for exams and eyewear upfront. Payment is required the same day services are rendered, but 0% financing specials may be available on large eyeglass or contact lens purchases exceeding \$200 (~1.7 days working without days off at \$15/hour). Beyond cash or check payments, Sam's Club also accepts all major credit cards, HSA, and FSA flexible health assessment exam appointment at your local Sam's Club vision center is quick and convenient: Call the optical department directly or visit the store to schedule the exam for a time fitting your schedule. Most locations offer weekday evening and weekend appointment slots. Provide your current vision insurance details if applicable when scheduling so coverage can be pre-verified. Arrive 10-15 minutes before the schedule exam time to complete any necessary registration paperwork and updates to your medical history. Check in at the optical desk on the day of your appointment to confirm insurance and payment details before the exams assuming open slots are available that same day. But scheduling ahead still guarantees your preferred timing. Additional Vision Products and Services Along with affordable eye health exams, Sam's Club optical centers also provide: Extensive selections of designer and budget prescription eyeglasses frames and lens options at member-discounted pricing. disposable brands offered at competitive savings. Eyeglass lens upgrades like anti-reflective UV coatings, transitions, tints, edge polish and engraving. Specialty magnifier glasses for reading or computer use, with custom tinting and styles tailored to visual needs. Utilizing the in-store optical labs for any required eyewear fabrication maximizes convenience and overall savings after exams. Save Money at Sam's Club OpticalWays for members to save the most on total eye health services and related expenditures include: Having your current membership card on hand before every visit for instant pricing discounts. Avoiding unnecessary add-ons or upgrades unless directly beneficial or medically warranted. Always asking about and taking advantage of applicable in-store vision promotions, coupons, and mail-in rebate offers. Using tax-advantaged FSA or HSA accounts to pay when possible, if you have these pre-tax savings vehicles available through an employer. Watching for limited-time special offers like buy one, get one exam sales if advertised locally. With a bit of cost awareness and clever usage of available savings levers, diligent members keep their total eye care expenditures at Sam's Club exceptionally low compared to alternatives. Final WordsAny member focused on maximizing healthcare savings should keep the convenient optical center at their local Sam's Club on the radar when vision concerns arise or it's time for an annual eve health recheck. Doing a bit of homework on current pricing, discounts, and insurance ahead of a visit ensures unlocking the deepest savings possible on this vital aspect of healthcare. Others may have a copay or deductible you're responsible for. If you don't have vision insurance or your plan isn't accepted at Sam's Club, don't worry! As we've seen, their self-pay exam prices are still very competitive. And there are plenty of ways to save on eyeglasses and contacts as well. Which brings us to... Eyewear and Contact Lenses at members-only prices. When it comes to frames, you'll find a mix of designer brands like Ray-Ban, Oakley, and DKNY, as well as Sam's Club 's own private label brands. Prices vary by frame material and brand, but you can generally expect to pay between \$59 and \$200 for a complete pair of single-vision glasses (frames and lenses). For contact lenses, Sam's Club carries all the major brands, including Acuvue, Air Optix, Biofinity, and Dailies. They also offer their own Member's Mark brand of daily disposable contacts. Prices start at around \$30 for a 30-pack of Member's Mark dailies and go up to \$130+ for a 90-pack of premium brand lenses. One nice perk of buying contacts from Sam's Club Plus membership (\$100/year), you get free shipping on any contact lens order—even if you don't meet the regular \$50 minimum. Of course, you'll need a valid contact lens prescription to place an order, which you can get as part of your Sam's Club website or mobile approximation to place an order. for convenient home delivery. How to Schedule Your Sam's Club Eye Exam If you're ready to book an eye exam at Sam's Club, the process is easy. Simply use the "Club Locator" tool on the Sam's Club website to find the Optical center nearest you, then give them a call to schedule your appointment. You'll want to have a few pieces of information ready when you call, including: Your Sam's Club membership number (if you have one) Your vision insurance plan details (if applicable) Your preferred exam date and time Any specific concerns or needs you have (e.g. contact lens fitting, specialized testing) The optical center staff will walk you through the rest of the process, including any preappointment instructions (like not wearing contacts for a certain period before your exam) and what to bring with you (like your current glasses or a list of medications). One common question we get is whether you need a Sam's Club membership to get an eye exam there. The short answer is no—you do not need to be a member to schedule and pay for an exam. However, you will need a membership to purchase glasses, contacts, or other optical products. If you're not already a Sam's Club membership (\$45/year) or a Plus membership fee, so consider whether you'll use your membership for other Sam's Club purchases as well. Sam's Club optical Hours and Locations Most Sam's Club optical Hours and Locations Most Sam's Club optical centers are open daily, with hours that generally mirror those of the main store: Monday to Friday: 9am - 8pm Saturday: so it's always best to check with your local store for their specific optical center hours. Some stores may also have reduced hours on certain days or close entirely on major holidays. As for locations, there are over 500 Sam's Club stores across the U.S. and Puerto Rico, and most (but not all) have optical centers on-site. You can use the Store Locator feature on the Sam's Club website to find the closest optical center to you and get directions, phone numbers, and hours of operation. Alternatives to Sam's Club is a great option for low-cost eye exams, it's certainly not the only game in town. Here are a few other places to consider if you're looking to save money on your next exam: Walmart Vision Center: As mentioned earlier, Walmart's exam prices are very similar to Sam's Club's, and they have a large network of stores nationwide. Costco Optical: Another warehouse club option, Costco also offers eye exams for around \$75 without insurance (though you'll need a membership to buy glasses or contacts). America's Best Contacts & Eyeglasses: With over 700 locations, America's Best is known for their "2 pairs of glasses for \$69.95" deal and low exam prices (just \$45 for a basic exam). Local optometry programs offer discounted exams and services performed by supervised students. Check to see if there's a school near you. Community health clinics: Some non-profit or government-funded clinics offer sliding-scale fees for eye exams based on your income level. Search online or ask your local health department for options in your area. Keep in mind that while these alternatives may offer competitive pricing, they may not have the same wide selection of frames and contacts as Sam's Club, or the convenience of one-stop-shopping for all your optical needs. Conclusion We hope this guide has given you a comprehensive overview of Sam's Club Offers comprehensive eye exams for around \$75 on average, which is significantly lower than most private optometrists. Exam prices include a thorough evaluation of your vision and eye health, as well as a glasses or contact lens prescription if needed. You do not need a Sam's Club membership to get an exam, but you will need one to purchase eyewear or contacts. Accepted vision insurance plans vary by location, so check with your local store for details. In addition to exams, Sam's Club sells a wide variety of glasses, and contacts at members. By knowing what to expect and how to prepare for your Sam's Club eye exam, you can make informed decisions about your eye care and get the most value for your money. So go ahead and schedule that exam-your eyes (and your wallet) will thank you! The benefits of Sam's Club membership aren't limited to bulk groceries and the food court hot dog. Did you know you can also get your annual eye exam done at Sam's Club and order contacts and glasses, too?Sam's Club has over 600 warehouses nationwide, and there's a Sam's Club Optical Center located in most of them. There, you can get a basic eye exam performed by a licensed optometrist for under \$100 (on average), which is pretty on par with what we found for Costco eye exam prices. So if you're in need of an updated prescription or new frames, it could be worth checking out the Sam's Club optical center. Especially since you don't even need to be a Sam's Club member to take advantage of their cheap eye exams. For more smart shopping tips and savings hacks, download the KCL app or text HACKS to 57299. Sam's Club eye exam costs are super reasonable, ever if you're not a member. Because the optometrists who work at the Sam's Club Optical Center are not Sam's Club eye exam (without insurance) can vary by location. We called around to a few different locations to see how the Sam's Club eye exam cost without insurance. Based on our research, the average cost of a Sam's Club eye exam is around \$85. In most cases, the cost only varied by about \$15 - \$30 for different locations. Considering the average cost of an eye exam without insurance is between \$100 - \$150 (according to a 2024 report by Mira), you could save up to \$80 by going with Sam's Club!If you add on a contact lens exam, you can expect to pay an additional \$40 - \$65 without insurance.Sam's Club Eye Exam CostsLocationEye + Contact Lens Exam CostsLocationEye Exam Costs130McKinney, TX\$85\$130McKinney, TX\$85\$130McKinney, TX\$85\$130McKinney, TX\$85\$130McKinney, TX\$85\$130McKinney, TX\$85\$120Woodbury, MN\$92\$142Edmond, OK\$99\$160Average Price:\$85\$138.50It's important to note that Sam's Club optical centers accept vision insurance, too, so if you go that route, know that the price you pay could be different from the numbers quoted above.KCL TIP: Since each Sam's Club Optical Center is run by an independent optometrist, make sure you call in advance to see if they accept your vision insurance — and to get an exact price quote. How to Get an Eye Exam Without a Sam's Club MembershipTo get an eye exam without a membership, just call the entrance that you're there for an eye exam. (This should be enough for them to let you in, but it doesn't hurt to have your appointment confirmation email pulled up on your phone just in case.)Note that you will need to have one of the two types of Sam's Club memberships in order to purchase any glasses, contacts, or other accessories from the Optical Center.Sam's Club glasses prices start at \$59 - about \$1 less than Costco.Sam's Club offers plenty of frames starting at just \$59, which is \$0.99 less than Costco's cheapest frames (of the Kirkland Signature variety). That's one of the reasons why Sam's Club is one of our go-to places to buy cheap glasses. Designers they carry include London Fog, Rachel Zoe, Betsey Johnson, and others. They also have a Member's Mark line of store-brand glasses, which are the cheapest ones. But just because Sam's Club frames are inexpensive, don't assume they're cheap quality. Even an optician on Reddit was thoroughly impressed with the quality and craftsmanship of the lenses at Sam's Club Optical. You can choose from lens options like Diamond Standard, Diamond Thin & Light, Polarized Sunglasses (prescription is available as well), and Transitions. Each of these options has anti-reflective, scratch-resistant, water-repellant, and smudge-proof features.TIP: If you're ordering frames online from Sam's Club, check out the virtual try-on feature. It's surprisingly fun and gives you a good sense of how different shapes fit your face. Tips for Using Sam's Club OpticalBring your own prescription to skip the eye exam. Whether you shop in-store or online, you will need a valid prescription to order glasses from Sam's optometry department. If you're using a prescription from another optometrist, be sure your prescription includes your pupillary distance (PD). If not, the Sam's Club app has an online tool that lets you measure it yourself. Or you can stop into the Optical Center and have an associate measure for you.Sam's Club app has an online tool that lets you measure it yourself. always try them on in person if you prefer. They also have plenty of frames available to order online, ranging from \$59 - \$199. Sam's has a separate website for ordering prescription contacts. If you're going to make Sam's Club Optical your go-to for eye exams and glasses, it could be worth upgrading to the Plus membership. With Plus, you get special Optical discounts like 40% off each additional pair of prescription glasses, and free shipping on most items. If you end up needing prescription glasses, your 40% discount would save you \$60, which would pay for the upgraded membership cost!Related: See our full breakdown of how to decide if Plus membership is worth it. Wait for the back-to-school sale in July and August if you're buying multiple pairs of glasses. If you're purchasing multiple pairs of glasses, consider waiting until the yearly back-to-school sale.
