## How to get free costa drink

You can claim a free hot drink from Costa Coffee without buying anything through their refer-a-friend scheme or by earning points through their rewards programme. First, sign up with a code like J6GW8 and use it to get five bonus beans. Then, invite friends and earn 5 more beans for each friend recommended. With enough beans, you can claim a free hot drink. Additionally, as a Costa Club member, you can also get a free treat on your birthday by entering your birthdate into the app. When ordering a hot drink at Costa with your own cup, you're already speeding up the journey to a complimentary beverage. But did you know there's a way to claim a free hot drink without making a purchase? According to Church, it's possible through Costa's refer-a-friend scheme. To get started, sign up with a code like J6GW8 and earn 5 bonus beans. Next, navigate to settings > invite your friends to find your unique referral code. Share this with others and earn 5 beans for each friend you recommend. With just one successful referral, you'll have enough points for a free hot drink without spending a dime! Additionally, as a Costa Club rewards member, you can look forward to a free birthday treat. Simply enter your birthdate in the app's settings, and every year you'll be able to redeem your complimentary gift - think cake, muffin, or pastry!
